3.- What is the Andorra Sports Scale Up Program?

Andorra Business and Andorra Research + Innovation (Andorra), in partnership with Global Sport Innovation Center (GSIC) and with the support of SPSC Consulting (SPSC) are launching the first edition of the Andorra Scale-Up Program, to select three of the best sport-tech companies in Andorra and across the world, and help them in their internationalization process.

Andorra and GSIC, with the support of SPSC, have implemented two startups competitions in 2021 and 2022, with the objective of positioning Andorra as a leading country in technological innovation in winter & mountain sports and cycling.

In this context, Andorra and GSIC are now continuing the process with a 3-months scale-up program, not only to find new solutions, but to use their experience, knowledge and resources to contribute to their development and growth and, helping them to become important local and international companies within the sports industry.

4.- What is the objective of the call?

The call aims to identify the most promising technological solutions that can help improve the sports industry in general, with priority over those focused in winter and mountain sports, and have potential for scalability and internationalization. The program will focus on the sport ecosystem in Andorra, which is naturally connected with Mountain and Winter Sports, but not limited. The Scale-Up Program will help this program to scale and their internationalization efforts.

5.- How can I participate in the call?

Candidates to participate must complete their application for admission by registering and submitting information through the following [Form](#).

Applications for admission received or attempted to formalize after the deadline for admission of applications will not be assessed for admission to the program.

Applications Opens: March 9, 2023

Applications Close: April 14, 2023

Winners' announcement: April 26, 2023

The organizers reserve the right to modify the dates published in the present document.

6.- How much does it cost?

Applying for this call is completely free.

7.- I can only participate if I have a sports solution?

Startups and companies with focus in other markets are welcome if they can implement solutions related to the topics mentioned as objective of the call.

8.- What are the requirements to participate?

The call is aimed for companies and entrepreneurs who are in position to start their internationalization process and can contribute with their technological innovation to the evolution and digital transformation of the sports industry. Participants may submit projects/companies that meet the following requirements:

- Be a legally created company.
- Have a dedicated full-time team.

- Have **market-tested product** and potential to implement internationally.
- Have traction, **preferably with paying customers**, in the sports industry.
- The individual promoter / representative of the startup must be of legal age and must have the legal capacity to be bound. You may not be an employee, manager, partner, or maintain a business relationship with ANDORRA or GSIC at the time of application.
- The promoters of each project/startup may only participate in this call by submitting a single project per company.

Participants who do not fulfill any of these requirements, will not be included in this call, losing the right to receive any service and no claim to ANDORRA and/or GSIC.

9.- Is the call international?

Yes.

10.- What is the selection criteria?

The following criteria, rated from 1 to 5 (being 1 the lowest and 5 the highest) will be evaluated for the selection of participating projects in each of the stages of the process (verification of eligibility, evaluation and selection):

1. **Innovation** – the extent to which the submission is unique to, or adds value to, existing solutions.
2. **Impact** – the extent to which the submission demonstrates the potential to effect change.
3. **Scalability** – the extent to which the submission can scale and the potential to implement it internationally.
4. **Maturity** of the team, the organization and the stakeholders.

5. **Sustainability** – Social and Environmental sustainability of the project aligned with the sustainability agenda of the Government of Andorra.
6. **Business Model** – Feasibility and economic sustainability of the project.

11.- What are the phases of the contest and how will the winners be selected?

The selection of projects will be carried out based on the criteria described in the previous section.

The judging committee will be made up of industry experts and directors from:

- Andorra
- GSIC
- SPSG

The judging committee will be responsible, among others, for ensuring the correct development of the selection process and the quality of the same; resolving any doubts as to the eligibility of applications and the application of the rules; short-listing the most promising startups and projects.

- **Verification of eligibility:** Once the application period has closed, the projects will be reviewed to ensure that the rules of participation have been complied with. Applications that do not comply with the rules will be eliminated from the process. The judging committee also has the right to ask, if needed, for more information about the project and/or start-up in order to complete the selection criteria.
- **Evaluation and selection:** Applications that pass the verification of eligibility will be evaluated by the judging committee in a decision session, which will select the winners accordingly.
